BOARD PETITIONED IN NEW STREET AND ALLEY PLAN

Twenty-five Property Owners
Involved in Location
of Thoroughfare.

Antioch's efforts to secure additional streets received added impetus this week with the appearance of two petitions prepared for the signatures of property owners who are anxious to procure further transportation facilities for the business district of the town by the addition of one or more streets and alleys running north and south parallel with Main street. The laying out of such streets would also accommodate the Public Service company in the laying of gas mains or pipes through the town. The Public Service company was granted a fifty year gas franchise in 1926, and it was the announcement last fall that the company was about ready to lay gas mains in Antioch that raised the problem of easement rights or the establishment of streets or alleys through which the gas lines could be laid.

Petitions Prepared

After weeks of discussion by east side property owners regarding a proposed street to connect Park avenue with Depot street, in which no agreement was reached, the matter was placed before the village board of local improvements and Village Attorney Runyard was instructed to prepare a petition for interested property owners to sign. The document, expected to have the signatures of property holders today, petitions the village board "to take the necessary steps to cause to be laid out and improved a street 50 feet in width, substantially 330 ft. east of Main street and parallel thereto, the precise location to be determined by survey, also alley 16 ft. wide, substantially midway between Main street and said proposed street and parallel thereto such part of the distance between Park avenue and Depot street as may be determined upon, connected with such proposed street by alleys, so as to better accommodate the laying of gas pipes or mains."

25 Property Owners Involved
The irregular property lines has made the project one of difficulty for the twenty-five property owners involved. The committee that has been working on the proposition is headed by Wm. Keulman, with Geo. Rhodes, Chase Webb, Archie Maplethorpe and Wm. Rosling as committee members.

A second petition prepared by Attorney Runyard asking the board of local improvements to take the necessary steps to cause to be laid out and improved a street to connect Orchard street with Lake street at the Victoria street intersection, is in the hands of the board but is not being circulated for the signatures of property owners at this time.

Grade School Board In Special Meeting Next Monday Night

A special meeting of the school board of the Antioch Grade School will be held at the school house on Monday evening, January 23rd, at 8 o'clock, for the consideration of petitions which will be presented calling for a special election to cover a Bond issue for the purpose of building a new school. This meeting will probably be of interest to many of the parents and taxpayers of the Village and School District, and anyone so interested is cordially invited to attend.

STONE FARM IS SOLD TO FRANK T. FOWLER

The Ben Stone farm, better known as the old Seidechlag farm, located three and a half miles northwest of Antioch, was sold last week to Frank T. Fowler, secretary of the chamber of commerce of Waukegan. The deal was made through T. J. Stahl & Co., realtors, of Waukegan. The farm comprises 340 acres of good land. Mr. Fowler is planning to make extensive repairs about the place and the land will be seeded down. The dairy business there will be discontinued.

A. G. Hahn, who has been tenant on the farm for the past several years, has announced an auction sale of his personal property to be held on Saturday, January 31st.

Reports from Bert Chinn, who broke his leg some time ago, are that he is rapidly recovering. He is at the Lake County General hospital.

DIRECTS SENATOR'S ATTENTION TO FOX RIVER DAM PROJECT

Plan Commission Chairman
Asks Unbiased Opinion
of Chas. S. Deneen.

Seeking the unbiased opinion of Senator Charles S. Deneen regarding the location of the proposed dam for the Fox river and the Chain of Lakes, for which an appropriation was passed in the last session of the Illinois legislature, Chas. K. Anderson, chairman of the Chain of Lakes Plan commission, has addressed a letter to the Illinois senator at Washington, explaining in detail just what the Plan Commission hopes to do and how the dam would affect residents of the lake region and also those of the Fox river, particularly in the vicinity of McHenry, the place where the dam controversy had its origin following the passing of the appropriation bill introduced at Springfield by the late Representative Wm. F. Welas.

Mr. Anderson's letter to Senator Deneen speaks for itself, and is as follows:

January 12, 1928.
Honorable C. S. Deneen,
Washington, D. C.
Dear Senator Deneen:

I was informed the other day that you had requested the War Department for a hearing in reference to the controversy between McHenry and Lake County on the proposed new dam, which is to be placed on Fox River near Pleasant Lake.

I happen to be chairman of an association formed for the protection of the interests of the property owners on the Chain of Lakes. I live on Channel Lake; and I am president of the First National Bank of Antioch. I shall endeavor not to ask for anything for the residents of the Chain of Lakes except what we consider for the best interests of all concerned, not only for the Chain of Lakes, but for all those in any way affected by the project under consideration. The benefits derived from this proposed dam will also increase the value of the real estate, which will give added income to the state.

Opponents Disregard Facts
As you know, Representative Welas, now deceased, of Waukegan, had an appropriation put through the last legislature for a dam to control

Citizens Petition For Special Election For School Building

Antioch School Building
Inadequate and Unsafe,
Says Board.

A petition for a special election for the purpose of submitting to the voters of school district No. 34 the proposition to authorize the Board of Education to build a new school house on the present site of the Antioch grade school is being circulated among the voters this week.

"No one doubts the urgent necessity of better school facilities for Antioch, and it is not going to be a difficult matter to bring the proposition before the voters of the district," Roy L. Murrie, board member, declared yesterday while making the rounds in quest of the requisite twenty per cent of the signatures of the legal voters of District 34.

Present Building Not Good

How very inadequate the present Antioch school building is may be known from the fact that the state department of education rules that thirty pupils in a room are all that can be instructed efficiently, and that the four rooms of the local school are crowded with from forty to fifty. Aside from this fact, the present building is rated as unsafe and is considered a very hazardous fire risk by insurance companies.

It is planned to hold the election early in February, and it is thought the proposition to build and the matter of voting bonds for that purpose can be presented to the voters on one ballot at that time, thus eliminating loss of time and the extra expense that would result if separate elections were held.

Gives Man Ride—Pays \$3,000 For Privilege

It cost Mrs. Jane Beatty, Chicago theatre owner, who is a summer resident at Lake Villa, just \$3,000 for the privilege of giving Thomas Gavin, of Chicago, a free ride in her automobile on July 29, 1926. An accident occurring near Gurnee, in which Gavin was injured, resulted in court action, and Tuesday of this week Gavin was awarded damages as stated.

Mrs. Beatty, owner of the Linden theatre and smaller houses, has a summer home at Lake Villa. Gavin was spending a few days there in July, 1926.

She was driving back to Chicago and happened to notice him. He had been a patron at her theatre. She stopped her car and asked if he was on his way to Chicago. Finding that he was she offered him a ride to the city.

Near Gurnee, with the car going at a good rate of speed, she crashed

Announcement direct from the Oakland Motor company today carried the news that the Antioch Motor Sales has been appointed associate dealers for Oakland and Pontiac cars, two popular automobiles of General Motors. The local firm has a new Pontiac in their salesroom today.

CHICAGO DISTRICT DAIRYMEN DEMAND BITTER MILK PRICE

Producers Have Complied
With Law—\$2.50 Too
Low, They Say.

Claiming that they have tested their herds in accordance with the order of the commissioner of health of the city of Chicago, and that indemnity for reactors has not met more than fifty percent of the cost of replenishing the herds, also that 1927 was a disastrous year in the production of grain crops, dairy farmers of the Chicago district assembled in mass meeting January 11, at Hotel Sherman, Chicago, in a resolution adopted unanimously by two hundred producers, demanded a better price for milk.

Demand Better Price

According to the dairymen, the present price of milk (\$2.50) is unsatisfactory and not sufficient to warrant the buying of cows to keep up their herds, nor the purchasing of proper feed. The resolution also calls for a conference at once with the buyers of milk to secure a better price.

Committee to Meet Dealers

As an evidence of good faith in carrying out the declarations named in the resolutions, a permanent committee of seventeen members, representing the nine counties was made and instructed to carry out the plans of the dairymen: First—a meeting with the dealers, second, the securing of a better price.

The meeting adjourned to meet again on Wednesday, January 25th, 1928, at 10:30 a. m. at the Hotel Sherman, (corner Clark and Randolph streets), Chicago, at which time the committee is to report on their success, and at which time also, plans for further work will be made.

CITY BRIEFS

L. M. Wetzel, of the Wetzel Chevrolet Sales, reports the sale of many of the new models during the past week.

The Antioch Hoat Co. yesterday took the order of C. Edinger, 5291 North Luna avenue, Jefferson Park, for a new boat equipped with Lockwood Twin outboard motor. This was the local company's first order for the 1928 season. Mr. Edinger was very well pleased with his purchase.

Miss Nellie Johnson has let the contract for the building of her new bungalow home in Antioch. The contractor expects to have the new house completed this spring.

The Antioch Grade School Board made a tour of new and interesting schools along the North Shore on Tuesday afternoon, in an effort to pick up good ideas to be incorporated in the contemplated building to be started here in the near future.

Into the rear end of a hayrack. One of the timbers crashed through the car splintering Gavin's jaw. He was unconscious for three days at the Lake County General hospital. A big splinter had to be drawn from the jaw.

Gavin claimed that the woman was negligent with her driving.

GREAT CROWD WILL GREET GOVERNOR SMALL AT ROAD HEARING SATURDAY

Modern Young Ladies Serious, Pastor Finds

The Fair Sex Are Justly
Critical of Prospective
Mates.

"The hair and dress of the Antioch young ladies may be short, but that is no reflection on their ideals," said Rev. A. M. Krahl to a large audience last Sunday evening at the Methodist church. Rev. Krahl had drawn his conclusions after reading many papers on "My Ideal Husband" written by the high school girls as part of their regular work.

While each paper was the expression of her own thinking, one could trace very definite lines of thinking through all papers. Of one thing the young man may be certain, no round shouldered, hollow chested youth will be found acceptable. The girls feel there is no excuse for any lad who is not physically healthy with all the opportunities for physical development open to him today. Future husbands must not drink, neither must they chew and above all things must not drink.

Secondly, every man must be her intellectual equal, not for the sake of being educated, but that they might enjoy the better things of life such as the arts, pictures, music and books. As for character there must be no question—it must be above reproach; honest, thrifty and a gentleman at all times. He need not be rich, but he must be a good provider as well as a sympathetic and helpful. Wealth is not especially essential to the young ladies of today, contrary to the general opinion abroad. Furthermore, hubby need not think that he can be content to spend his evenings at the fireside. The young wife will insist that he take his place in the social life about him.

The religious life is also a factor considered. The modern husband must profess religion, but the brand is immaterial—which is as it should be.

Rev. Krahl paid a high tribute to the faculty of the high school for the teaching of ideals which have become a part of the life of our young folk as he saw the practical results of such training in these papers. Next Sunday evening the ideals of the young men will be exposed.

CONFERENCE LEADERS ARE COMING FRIDAY

Two Games With Warren —Local Cagers Defeat Bensenville.

What are expected to be the hardest basket ball games of the season on the local floor are slated for Friday night of this week when the Antioch high school cagers hook up with the big boys from Warren who are leading the conference race.

Warren defeated Antioch earlier in the season, 25 to 19, and the A. T. H. S. boys are out to revenge that defeat.

The local lightweight team put over an 18 to 16 victory on the Warren lights and the Warren boys are after the scalp of Folbrink and Co.

Victory Means Chance to Cop
After these hard battles on Friday night the locals travel to Arlington Heights on Saturday to seek revenge on an early season setback and if they come through with these victories this week they stand a good chance for the conference title, but losing either one or both will put them out for a chance for first place.

Antioch Trims Bensenville
Last Saturday evening the new member of the conference, Bensenville, was our guest for the first time but we failed to treat them as guests and gave them a 22 to 12 setback in the conference race.

Bensenville started strong and held a four point advantage at the end of the first quarter and also at the half. In the second quarter the locals outplayed them but could not sink their easy shots.

With the score 10 to 6 against them, the A. T. H. S. boys came back strong in the second half and held Bensenville to two free throws while they collected enough easy baskets to run their score up to 22.

Locals in Third Place

Meeting Is Scheduled for 1:30 at Zion City Tabernacle.

Antioch Plans To Be Well
Represented—Hundreds
Will Attend.

HARMONY IS URGED

Thousands are expected to greet Len Small, good roads governor, Saturday at Shiloh tabernacle, Zion, when the state department of public works and buildings, headed by Col. C. R. Miller and Frank T. Sheets, chief highway engineer, will conduct the hearing on location of the Zion to Harvard section of state highway number 173, the Zion to Rockford route. The hearing is scheduled to begin promptly at 1:30 o'clock.

Prepare for Great Gathering
Zion City began preparing for a record crowd a week ago when it was learned that Gov. Small had accepted an invitation to attend the hearing. Shiloh tabernacle has a seating capacity of over seven thousand, and so it is thought there will be little difficulty in caring for the crowd at the hearing Saturday. This will be Governor Small's first visit to Lake county for the purpose of attending a road hearing, and his coming is looked upon as an event of more than ordinary interest.

As route 173 is one of northern Illinois' most important and most urgently needed east and west highways, the Governor's interest in the route is thought to be significant of early action.

Antioch Will Be Well Represented
Antioch's interest in the much discussed hearing, promises to carry hundreds to Zion Saturday. Many who do not live along the proposed route, and others who have never attended a road hearing, are planning to attend and hear what Governor Small has to say regarding the whole road situation, or any other matters he may see fit to discuss.

Wilbur Glenn Voliva, general overseer of Zion, no doubt will be on the platform with Governor Small. Voliva is quite naturally very much interested in the proposed new highway leading into his town from the west.

Antioch's delegation of hundreds is expected to head toward Zion at about the noon hour.

Speakers on route locations are to be limited to ten minutes, and there are quite a number to be heard. The

Prof. Trenary will have a real message for all. Businessmen and the poultrymen are urged to bring their wives.

seven starts and three out of five in the conference race which puts them in third place with Warren and Harrington in first and second.

The local lightweight put up a strong game against Wilmo's first team but could not hold down the big boys in the second half so they lost 16 to 11.

WILMOT CAGERS WIN TWO GAMES

**John Kanis Seriously Ill—
Ladies Aid Meets With
Mrs. Shotliff.**

Union Free High School

The High School basket ball team scored two victories over the week end defeating the strong Waterford team 30-15, on Friday evening, and winning from the Antioch lightweight 16-11 on Saturday evening. The Waterford game was a fine exhibition of basket ball. Although outweighed considerably, the local boys offset this handicap with a brilliant passing attack that bewildered the visitors. Captain Member's men displayed uncanny accuracy in shooting. Shreck, the Sophomore forward, caging six goals, Rungard three, Richter two, and Member two.

The Antioch game was slow and listless. The Wilmot boys, tired from the previous game, and seemingly lost on the big floor, never hit their stride, and barely managed to win the game.

Wednesday night the Antioch team plays a return game on the Wilmot floor, as a preliminary to the Land O' Lakes-Williams Bay game. Friday night they play at Union Grove.

Examinations are being given this week, and the new semester will begin January 23rd.

The Land O' Lakes team won two victories last week, from Waterford and Burlington, and dropped a fast game to Genoa City. An ambitious schedule has been prepared for this week: Tuesday at Richmond; Wednesday, Williams Bay at Wilmot; Thursday at Union Grove; Friday, Immanuel Lutherans at Kenosha.

John Kanis of Randall is seriously ill.

1927 ILLINOIS MOST HEALTHFUL YEAR

Fighting against an invisible enemy, constructing blockades against danger that the eye cannot see, working to achieve intangible results that are hard to measure, stimulating personal activity against im-

personal conditions, dealing always in terms of the future, the state department of public health has closed its most active and perhaps most successful year under the immediate direction of Dr. Isaac D. Rawlings, state health director, who points out that 1927 will probably be recorded as the most healthful year in the history of Illinois.

MILLBURN P. T. A. NETS \$40 FROM ENTERTAINMENT

Radio is Mightier Than Phone, Debate Judges Declare.

The entertainment given by the P. T. A., on Saturday evening was well attended and enjoyed by everyone. The debate, "Resolved that the radio is a greater invention than the telephone" had been carefully prepared, and was given with equal amounts of jokes and seriousness. The judges after much deliberation gave the verdict 4-2 in favor of the affirmative, which had been taken by Mr. MacNair, J. S. Denman and E. A. Martin. The negative speakers were L. J. Sloane, L. S. Bonner and Mrs. MacNair. A song by the school, violin duet, a piano solo, a vocal solo and recitations furnished the rest of the program. Over \$40 was realized from the sale of the baskets.

ADVERSE RULING ON PRIMARY LAW

Judge Fisher Holds Measure Invalid on Eve of Special Session.

Springfield, Ill., Jan. 16—On the eve of the opening of the special session of the state legislature called by Governor Len Small for the purpose of insuring a state primary, Judge Harry Fisher, superior court of Cook county, handed down a decision holding the law of 1927 invalid.

The test case was filed by Julius Kreeger of Cook county. Judge Fisher indicated following the hearing that he would hand down a written opinion holding the law invalid, and this to a greater or less degree carried weight in the calling of the special session of the legislature for January 16.

Election Machinery Tied Up
Under the ruling of Judge Fisher the election machinery of Cook county is tied up by an injunction, and Secretary of State Louis L. Emmerson is enjoined from spending any money for elections.

From this decision, Attorney General Oscar E. Carlstrom has prayed an appeal to the state supreme court and the case will be on the docket for the February term.

Another test case is pending in the circuit court of Lee county, with a decision expected during the present week.

There is one test case pending on the docket of the supreme court. This was heard during the December term, being taken under advisement. Should the 1927 law be repealed by the legislature and a new measure adopted, no decision by the supreme court will be necessary.

St. Ignace Church Notes (Episcopal)

Kalendar—3rd Sunday After Epiphany. 10:00 a. m.—Church School. 11:00 a. m.—Morning Prayer and Sermon. Topic, "God's Supremacy."

Next Sunday will be the next to the last Sunday in the Epiphany Season. Sunday, February 5, will be Septuagesima, or 70 days before Lent. Ash Wednesday is February 22. Are you preparing for a valuable Lent?

The Advent Mite Boxes for the orphan homes are now long past due. Will every member of the Church School remember to bring the Mite box next Sunday? Every member of the Church School is a Christian Crusader. The Pledge every member of the Church School takes when he or she receives the honor badge of membership. "In accepting this honor badge, I pledge myself to emulate the Christian Crusaders and Chivalrous Knights of old: to live pure, to speak true, and to keep the Faith; To uphold the right and to resist wrong; to help the weak and defenseless; to be ever thoughtful, courteous and kind; with right good cheer to comfort those who are weary and heavy of heart; and to crown each day with some goodly or useful deed and happily done. So help me God." What if every adult Churchman could take that vow in his life?

St. Ignace Parish wants every member to be a worshiper; every worshiper a giver; and every giver a worker; and every worker a spiritual force. How is that? Why not come and worship the Lord in His house for a change. Instead of yourself in your own house all the time? Be sociable and religious—it may do you some good.

communities of Russell, Zion, Antioch, Channel Lake, Richmond, Hebron and Harvard are vitally interested in the road, and each locality is planning to send a large delegation to the hearing.

Women are invited to attend the meeting. "Women have taken a keen interest in the Governor's constructive road program," reads a message sent out by the Highway Department, in which it is urged that women and woman's clubs of all communities attend. "We know the Governor will appreciate your attendance and will be glad to meet you on this occasion," states the announcement.

We want to call your attention to an accommodating business place. The gang at Antioch post office is right there. It is seldom that the public voices its pleasure and appreciation but they have it coming. Here's to Antioch P. O. employees.

If a man could read his own biography, it would surprise him more than any one else.

If you want to be the center of attraction, get a small pup on the end of a string and walk around with him.

If we told you that we are in business for the love of it, you'd laugh and you'd have a right to laugh. The truth of the matter is that this business is our bread and butter.

Many a man ties up his dog at night and lets his children run around loose.

Secretary Kuth of the Poultry association is busy with arrangements for the second annual banquet of the association to be given Jan. 26, at 7:15 p. m. at the Antioch High School building. Prof. O. L. Trenary of Kenosha is the speaker of the evening.

We have just unloaded a car of "Blue Diamond Arkansas Anthracite" coal. Now this is

something new in Antioch. It is guaranteed not to smoke. It contains 50 per cent more heat units than other coal and the price thing about it, it is cheaper than the eastern hard coals. We are completely sold on this coal, for we have tried it and we want you to try it and see for yourself.

Living is expensive, but we think it's worth it.

The Bonner Brothers near Millburn have added to the value of their farm by the erection of a fine new barn. Mr. Niels Nielson did the work and of course we furnished the material.

Planist—Mrs. Mary Mapletorpe.
Drill Sergeant—Mrs. Dora Sablin.
Registrar—Miss Lottie Jones.
Color Bearers—Miss Helen Cribb, Mrs. Ida May Knifalk, and Mrs. Dora Sablin.

Trustees—Mrs. Irma Powles, Mrs. Jessie Runyard and Mrs. Carrie Norman.

MRS. GRAY TO ENTERTAIN LADIES' GUILD

The Ladies' Guild society of St. Ignace church will meet Wednesday afternoon, January 25, at the home of Mrs. Will Gray.

MISS FOLBRICK ENTERTAINS FOR MRS. WEBB

Miss Bernice Folbrick entertained a "500" club Tuesday evening. Miss Mildred Hulik received first prize, Mrs. Robert Webb second prize, and Mrs. Lester Nelson the consolation prize. After the refreshments were served a birthday cake, beautifully decorated with lighted candles, was cut in honor of Mrs. Robert Webb's birthday.

AUXILIARY ENTERTAINED AT MAPLETHORPE HOME

Mrs. Archie Mapletorpe entertained the American Legion Auxiliary at her home on Friday evening, January 13. About twenty were in attendance and a fine business meeting was held. Following the business meeting, lunch was served, and then the members regrettably decided it was time to go home. These Auxiliary meetings are becoming mighty enjoyable, and all women who are eligible to belong are urged to join with the organization for the mutual good of both.

NEW YORKER IS GUEST OF ANTIOCH RELATIVES

Jan. Isbester, of Collins Center, N. Y., has been the guest of his brother-in-law, W. J. Van Duzer and wife, and other relatives and friends here during the past week. Mr. Isbester will also visit relatives at Forest Park before he returns to his home.

THEATRE PARTY FOR MRS. NELSON ON BIRTHDAY

Mr. S. Boyer Nelson arranged a very pleasant birthday surprise for Mrs. Nelson on her birthday Tuesday when a number of friends and relatives were invited to the Nelson home, from whence they went to Kenosha to enjoy the performance at the new Kenosha Theatre. Luncheon was served later at the Nelson home.

MRS. HAYNES ENTERTAINS FIVE HUNDRED CLUB

Mrs. R. M. Haynes entertained the "500" club at her home Thursday afternoon. Prizes were won by Mrs. Lee Middendorf, Mrs. Frank Hunt and Mrs. James Stearns. Lunch was served.

REBEKAHS WILL INSTALL OFFICERS FRIDAY NIGHT

The Lakeside Rebekah lodge will hold installation of officers at the Woodman hall Friday night of this week. Refreshments will follow the business session. All members of the order are cordially urged to attend.

MR. AND MRS. HAWKINS ENTERTAIN

Mr. and Mrs. E. O. Hawkins entertained a number of their friends at five hundred Monday night.

MRS. KING IS HOSTESS TO WOMAN'S CLUB

The Antioch Woman's club was most pleasantly entertained on Monday, January 9th, at the home of Mrs. F. R. King. The hostesses were Mesdames Kling, Kuth, Leese, and Lux. Mrs. Grant Beebe, State Federation Chairman of Education, gave a splendid talk on the need of keeping up-to-date on ideas of education, recreation, and social betterment. An appetizing lunch was served following Mrs. Beebe's talk. About thirty were present, and all enjoyed the afternoon thoroughly.

The next meeting of the Antioch Woman's club will be held on Monday, January 23, at the home of Mrs. H. J. Vos. The hostesses will be the Mesdames Mapletorpe, Mathews, McCarthy, Vos and Pollock. A special program has been planned, and the meeting will be well worth attending.

MRS. WILLIAMS SURPRISED BY FRIENDS

The home of Mrs. Addie Williams was the scene of a very pleasant surprise party last Wednesday evening when a number of her friends, who were her neighbors when she was Miss Addie Icttor and lived on what is known as the Copek subdivision on Cross Lake, gathered at her home to give her a farewell party before her departure to Florida. The good cheer, to say nothing of the good luncheon provided by the friends, made the evening one that will long be a pleasant memory.

BOCKS ARE ENJOYING TOUR OF WEST COAST

A letter received this week from Mr. and Mrs. A. W. Bock, who are spending the winter on the Pacific coast, says that after spending three weeks at Seattle, Wash., and Vancouver, B. C., they are on their way home, expecting to visit enroute various places of interest in California. They have taken in the sights at San Francisco, Red Bluff and Oakland. Their letter was post-marked Long Beach.

CARD AND BUNCO PARTY AT GAVIN SCHOOL

A card and bunco party at the Gavin school for the benefit of the P. T. A. of that district has been announced for Friday night, January 27. Refreshments will be served. A small admission charge will be made. Cordial invitation is extended to all.

MRS. A. G. WATSON ENTERTAINS LADIES AID SOCIETY

The Ladies Aid society of the Methodist church met at the home of Mrs. A. G. Watson last Thursday afternoon. This week's meeting will be at the home of Mrs. J. C. James Thursday.

MRS. CORRIN IS HOSTESS TO TREVOR WILLING WORKERS

The members of the Willing Workers club of Trevor are being entertained this afternoon at the home of Mrs. R. T. Corrin on Orchard street.

ROYAL NEIGHBORS WILL INSTALL OFFICERS

Royal Neighbors will hold installation of officers at the Woodman hall on Tuesday, January 24. Refreshments will be served. Members are urged to attend.

A number of Antioch ladies were in attendance at a luncheon and bridge at the Union League club of Chicago on Wednesday as the guests of Mrs. W. H. Gifford and Miss Dorothy Gifford.

BOYS' BIRTHDAY PARTY GIVEN AT NELSON HOME

A number of young boys were entertained Saturday afternoon at the home of Mr. and Mrs. S. Boyer Nelson in honor of the seventh birthday anniversary of Wendell Nelson and Robert Gaston. Games and delicious refreshments made a very pleasant afternoon for the youngsters.

Mr. and Mrs. Harry Messing are the proud parents of a baby boy, William Joseph, born December 30.

WARNING HEEDED BY BANK ROBBERS

Heavy Settings by Division of Pardons Cuts This Crime During 1927.

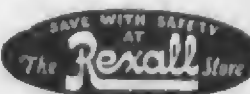

Springfield, Ill., Jan. 19.—Setting of maximum sentences for bank robbers sentenced to prisons of Illinois had a salutary effect during 1927, it is announced by the Illinois Bankers' Association. During the year but one handit made living wages, obtaining \$10,200 from the Calumet City First Trust and Savings Bank.

During 1924, when bank robbery was at its height in the state, daylight stickups of financial institutions netted the robbers \$283,000 between April 1 and December 15. During this period there were fifty-seven robberies. For the corresponding nine months of 1925 there were eighteen bank robberies, with losses totalling \$58,319. Total losses suffered by banks in Illinois during the twelve months of 1927 is reported as \$17,911.64.

Maximum Sentences Imposed Under the law, previous to July 1, 1927, armed robbery carried a penalty of ten years to life in the penitentiary. With the change in this law the minimum was reduced, but life maximum retained. During the closing months of 1925

and the fore part of 1926 immediate hearings were given by the Division of Pardons and Paroles to all inmates of the penitentiaries under sentences of bank robbery, with maximum sentences imposed in all cases. At one session of the division at Chester nineteen handits were given life sentences, and at the meeting at Joliet an equal number were given life sentences. Word quickly passed to the underworld, with the result bank robbery has steadily decreased in the state, until the loss sustained during 1927 reached the lowest point in many years.

Naval Officers Speak at Great Lakes Celebration

In the Auditorium of the U. S. Naval Training Station, Great Lakes, Illinois, Friday evening, there was held one of the most remarkable patriotic celebrations that had been held at that place since the World War.

This celebration was under the direction of the Navy and Marine Post of the American Legion of which George L. Hart is the Commander. The Commandant, Rear Admiral Henry J. Ziegemeier, USN, spoke of the advantages of the eligible service men belonging to the American Legion and also welcomed the other speakers of the evening. Lt. Comdr. Richard W. West, USN, spoke for the Seafarers' Club and Chief Carpenter Frank Welch, USN, spoke for the Chanowas Club. E. A. Orvis, Comdr. Spanish American War Veterans also spoke.

The principal speaker of the evening was Doctor B. J. Clgrand, the founder of the American Flag Day association, a member of the faculty of the University of Illinois and a former Lieutenant in the Navy during the World War.

Doctor Clgrand spoke of the origin and meaning of our flag and traced it down from the earliest history, showing the reasons for the stars and stripes and explaining very graphically the meaning of our flag and the need for love and devotion to it by all American Citizens. His talk was thoroughly enjoyed by all that were present and it is hoped and expected that he can be obtained some time again for a similar talk in Lake County.

LAKE VILLA SCHOOL CHILDREN IN WRECK

Woodmen and Royal Neighbors Announce Meetings.

The icy pavement Monday morning was the cause of the overturning of the Rhoades car in which William Olive and Ruth were driving to Gurnee to school. A truck which was driving in front of the Rhoades car, stopped and in trying to avoid hitting the truck, the car slid and turned over. William and Olive escaped without injury, but Ruth has her neck quite badly wrenched. The car is badly wrecked.

The Royal Neighbors will hold a special meeting for the purpose of election to fill vacancy, on Tuesday evening, January 24, in the hall, and on January 31, in the evening, the Woodmen and Royal Neighbors will

install officers and enjoy a social evening together. All Woodmen and Royal Neighbors please take notice.

Mrs. Mary Dalrymple spent last week with Mr. and Mrs. H. Potter in Waukegan.

The Mother's club will meet with Mrs. Paul Avery on Friday January 27 at 2 p. m. and Mrs. Mater, the president, will preside. Important business will be transacted and every lady interested in the welfare of our children is invited to attend.

Miss Alice Warner spent the week end with her parents at Whitewater, Wisconsin.

Mr. and Mrs. Jensen Evor and Miss Mabel Scott called on Lake Forest friends Sunday.

Mrs. Alice Howard attended the funeral of a friend, Mrs. William Wandle in Waukegan last Friday.

Mrs. Fred Hamlin entertained a few ladies at her home Wednesday afternoon.

George Mitchell and family, Mr. and Mrs. Ray Kerr and Dr. and Mrs. Edwin Wagner of Chicago were Sunday guests of Mr. and Mrs. J. Kerr.

Mr. and Mrs. Wm. Weber, Jr., Mrs. Val Weber, Misses Italy and Mabel Falch attended the wedding of Miss

Helen Walker to Irving Young in Chicago at the Fourth Presbyterian church last week Thursday evening. Mrs. Wm. Weber was matron of honor and Rev. John Timothy Stone was the officiating clergyman.

Mr. and Mrs. B. J. Gallger spent Tuesday and Wednesday of last week at Elburn, Ill., with the Wilkinson family.

Rex McElvey officiated at the funeral of the small child of Mr. and Mrs. Frank Barber of Gurnee.

CHURCH NOTES

The orchestra is adding its bit to the church services every Sunday, and the Junior choir also adds to the service. We hope that it may continue. Attendance last Sunday was good, and shows improvement.

Next Sunday, Church School will be held as usual at ten o'clock. Morning worship at eleven o'clock.

HICKORY NEWS

Mrs. O. L. Hollenbeck spent last week at Edison Park.

Mr. and Mrs. J. C. Smith and family and Mr. and Mrs. A. T. Savas were Hickory visitors Monday.

Miss Anna Kelly of Antioch called on Mrs. Janette Wells Sunday.

The little 4 weeks old babe of Mr. and Mrs. Frank Barber was buried at Hickory cemetery Tuesday afternoon.

J. C. Smith attended the funeral of an uncle at Joliet last Thursday, returning home Friday.

Shirley Hollenbeck spent Wednesday afternoon with the home folks.

with Miss Richards playing the prelude, and orchestra helping with the music. The Primary pupils will sing and the pastor will use "The American School" as his subject for the sermon. Last Sunday's topic was "The Modern Church" and was presented in an interesting manner, which brought out the fact that a church, like a home, is more than four walls—it needs people who have interests in order to make it successful. You will be welcome at these services.

STATE CAPITOL ITEMS

EXCITEMENT HIGH
AT SPECIAL SESSION
OF LEGISLATURE

Excitement ran high in the Capital City recently when the general assembly convened in the first extraordinary session since 1916. The following four important subjects were included in the governor's call for special session:

Enactment of a new primary law and amendments to general election law as needed.

Re-enactment of a law fixing the bonding limit of downstate subdivisions and fixing the tax rate of the south side park board, Chicago.

Enactment of law which will permit the Chicago Historical Society to erect a \$1,000,000 building in Lincoln Park.

Appropriation of salaries of two commissioners of the state supreme court. The offices were created at the last session but no provision was made for their salaries.

Marked by heated argument, the house of representatives, on the first day of the general session, discharged the elections committee, which was slated by administration leaders to consider the primary measures, and voted that the primary law bills be taken up by the house as a committee of the whole. The vote was 85 to 40 in favor of the discharge of the committee.

Of the 24 bills introduced in the senate at the opening session, seven to solve the primary tangle were presented by Senator John T. Joyce, Chicago; sixteen were offered by Senator Roy C. Woods, Chicago, to deal with tax levy corrections and the other by Senator Richard Meents of Ashkum, related to the proposed appropriation for salaries for supreme court commissioners. All of the bills were advanced to the second reading without reference.

The main primary bill introduced during the opening session provides for the nomination of state and other officers and sets the primary election date as the second Tuesday in April. Separate bill define the power of committees, delegates, conventions and officers of political parties and for the election of presidential electors. It was said that presidential electors are placed in a separate bill so that if a court finds this provision unconstitutional the finding will not affect the status of main primary laws. Another provides for central committees of political parties and the manner of their election; another for the primary nomination of members of the general assembly.

Thirty bills on the primary were scheduled to be offered in the house and senate, while sixteen bills were necessary to iron out revenue legislation which was rushed through the last session.

Next in importance to the primary law is the downstate bonding power question. The state supreme court recently held unconstitutional the law passed at the last session which limited the bonding power of the downstate to one-half that of Chicago. The bonding power was expected to be equalized in order to meet the situation.

Trustees for the 1933 Chicago world's fair were granted a charter several days ago, and in the same mail East St. Louis made its bid for the honor of heading the list of cities to participate. With the charter granted the committee in charge,

headed by Rufus C. Dawes, can now proceed with definite plans.

Mayor Frank Doyle of East St. Louis planned to present a resolution to his city council to seek approval to his city's representation. Booths for exhibiting industrial activities and commercial affairs will be used by East St. Louis at the fair, it was indicated.

Need for revision of the present tax systems was declared imperative recently by President Earl C. Smith of Illinois Agricultural association, who was the principal speaker at the annual meeting of the Sangamon County Farm Bureau held in the Capital City recently.

"The fact that real estate and other tangible properties in the state, representing 40 per cent of the tax burden makes it imperative that some system be worked out whereby the tax burden would be borne by property and people in accordance with their ability to pay," Mr. Smith said.

More than two million acres in Illinois are annually planted to wheat, the average crop harvesting some forty million bushels of grain.

The University of Illinois is one of the greatest universities of the country, student body numbering more than 11,000 annually.

Disturbing Thought

It is an awful thought for every man that his early influence will never, through all the ages, have an end.—Aughhey.

Illinois Corn Growing
Champions Are Crowned

New corn growing champions of Illinois were crowned a few days ago at the corn show of the thirty-first annual farm week at the college of agriculture, University of Illinois. Nearly a thousand Illinois farmers thronged the show and adjudged it one of the best ever presented.

The new champions are the Sommer brothers, Pekin, winners of the senior title, and Miss Doris Kentschler, 16, Chestnut, the winner of the junior crown.

Competition in the events was so keen and close that the Sommer brothers, as an example, won only by one-tenth of one per cent. Education in the section of seeds was attributed as the main factor in marking a new day in the quality of Illinois corn.

Utah "State of Desert"

The state of Deseret was the name given by the Mormons in 1849 to their settlement in the present state of Utah. Deseret was taken from the Book of Mormon and meant land of the honey bee. In 1850 congress created the territory of Utah, and the old name fell into disuse.

To Keep Cocos

Cocoon should be kept out of doors, where conditions as nearly as possible are similar to those they pick themselves, says Nature Magazine. Protection with netting will prevent destruction by birds. Freezing is not detrimental, and is even necessary to some species, and the dampness of the out-of-doors is desirable.

Dinosaurs Traveled

The Smithsonian Institution says that the bones of dinosaurs are not confined only to the western states. They have been found in Connecticut south through New Jersey, Maryland, District of Columbia and South Carolina, then along the gulf to Mississippi, Alabama and Texas. Most of the specimens are found in the West, beginning at the plains country.

The Forward Look

TOMORROW'S telephone requirements must be foreseen today; the service of the future must be provided for in the present.

In the America of tomorrow new industries will develop, trade will increase, residential sections will replace the vacant areas of today. There must be new telephone buildings and switchboards; millions of miles of new wire and cable; yet a larger army of men and women to build and operate the ever increasing facilities; more and more trained executives to manage and direct.

It costs about \$385,000,000 a year to keep ahead of America's demand for telephone service. If this vast sum is to be spent wisely and efficiently, future demands must be forecast with as much precision as is humanly possible so that materials, money, manpower will not be lacking when the need comes. Only through the forward look is the telephone kept ready to meet the growing demands of a growing nation.

Believe It Or Not

Every man thinks he has wonderful self-control because he woman has the last word.

An Antioch lady, after sarcastically writing that the editor is supposed to know everything, asks the News if liquor is being sold in this town. Answer: Madam: We have not heard of anyone giving it away.

Throughout the middle west all live stock auctioneers are designated by the complimentary title of "Colonel." Their success as auctioneers depends on their ability to think straight and fast on their feet in front of a crowd. The quick wit so developed is well illustrated by a passage at words between "Col." McCracken and an opposing heckling lawyer in a suit to determine the identity of a famous pure-bred horse, the pedigree of which has been questioned.

"What regiment were you Colonel of, 'Col.' McCracken?" queried the attorney.

"I reckon you'd call it the 'Hog Brigade,'" replied the "Col."
"Come, come, now," heckled the attorney. "I asked you a legitimate question and I am entitled to a non-jesting reply."

"Well," replied McCracken, "You see it's like this: 'Colonel' in front of my name is just like 'Honorable' in front of yours—it don't mean a damn thing!"

A subscriber, seemingly in a kidding mood, writes to inquire who wrote the music of the Refrain From Smoking.

the water levels for the Chain of Lakes. The engineers have decided that the best location is on Fox River, near Pistakee Lake. Representative Wells also obtained an appropriation for the repair of the old dam at McHenry, which has been very much neglected by everyone who had anything to do with it, including the officials of the city of McHenry. Until this new dam was proposed. Then the mayor and others took a decided interest, and came out against the new dam, making several statements that were not facts or true.

What we are trying to do is to maintain a fixed water level so that the boats can go from one lake to another during the summer months. During the spring the water runs out of the lakes, lowering the water level and leaving the shores dry, and in consequence, it is impossible for owners to use their boats to get from one lake to another, or even get them out of their boat houses.

Dam Would Aid Flood Control
The installation of this dam will also make it possible to help in the flood control, because this dam will hold back considerable quantities of water over the entire Chain of Lakes in the spring of the year, when it usually passes right out of the lakes and Fox River, and goes down to help swell the floods in the lower Mississippi river.

McHenry Mayor Straddles Fence
We have had several conferences with the Mayor of McHenry, and he is trying to ride on both sides of the fence as he wants to run for the Legislature. We believe that the McHenry and Fox River residents received the wrong impression as to what the dam on the Chain of Lakes would do. They feel it would dry up the river, but anyone really posted on this and able to give reliable information will tell you that it will be as much a benefit to the Fox River residents as it will be to those on the Chain of Lakes, because we can hold back, in the spring of the year, some two feet of water on not less than 70,000 acres of lake and marsh land. This water can be let out during the dry season and give Fox River sufficient water for boating to the dam at McHenry, and, what is more important, this water will keep Fox

at Mike, who lay stretched on a hospital bed.

"For Pete's sake, Mike, why didn't you hold on until I brought a ladder?"

"Oh would have," said Mike, in a weak voice, "only I was afraid the wire would break."

1928 is leap year. Now or never. Act your age—but don't creep.

They are telling the story about an Antioch man who walked into the Soo station the other day and wanted a "round-trip" ticket. "Where to?" asked the genial station agent Geo. Kuhaupi. "Why, back here, where do you suppose?" was the astonishing reply.

River below McHenry dam in a satisfactory condition, which is very necessary, and which has been impossible in former years, because there was no water running during the dry season.

Dam Not One Man Proposition

If the present dam at McHenry is any good for McHenry, then the additional dam will be a further help to them. From various conferences we have had, practically the only complaint worth mentioning which has come out has been that the dam might affect navigation. This has been brought up by one or two people who object to taking their sight-seeing boats through the locks, but, since the dam will benefit so many by keeping the water levels up, and will hinder navigation for so few, we believe that this argument should not be seriously considered.

I do not need to picture to you what this beautiful Chain of Lakes means to northern Illinois, and especially to the residents of the city of Chicago, who have made this their summer home for recreation and rest.

Invites Unbiased Opinion

We earnestly invite your unbiased opinion after you hear both sides, and we believe that the engineering department of the state, as well as the War Department, will substantiate what I have said about the location of the dam and the benefits that will come from it. We have supported the repairing of the McHenry dam and its maintenance 100 per cent, and we are for any other dams that may be necessary to maintain the proper water levels, not only for the lakes but for the Fox River, thereby improving the entire district.

Fox River, when it flows into Grass Lake, loses its river name, as it becomes a lake and is no longer a river.

I shall be more than pleased to cooperate and assist in any way for the best interest of all concerned. I wish to thank you in advance for using your unprejudiced influence to the best interests of your constituency when you are heard by the War Department on the subject of this dam.

Yours respectfully,
C. K. ANDERSON,
Chairman.

House Committee on Flood Control, on October 14th last, addressed an inquiry to the Antioch News, asking that copies of news articles relating to flood control be forwarded to him. Congressman Reid's request was complied with, and the following letter was addressed to his Washington office on Oct. 22nd:

Hon. Frank R. Reid, M. C.
11th District, Illinois
Washington, D. C.

Dear Sir:
In accordance with your request of October 14th we are pleased to mail to you today clippings of newspaper articles that have appeared in our paper relative to the proposed new dam on the Fox River.

You will find, we think, that these articles present Lake County's attitude toward this proposition, which has been the cause of considerable controversy between residents of the Chain of Lakes region and the property owners along the Fox River.

It appears to be the assumption of the people of the lower Fox that they have succeeded in stopping the measure taken by the Illinois legislature for flood control by the building of a dam in Lake county. This information was carried in a newspaper article following a conference with Governor Len Small in which it was stated "It is believed that the governor now fully understands the situation and that there will be no other dams go into the Fox River above the present one below McHenry."

This dam was recommended after state engineers had made a survey

of this region. In their investigation they found that the water in the Chain of Lakes was low at all times, excepting at flood season.

We believe that the present controversy has arisen from the activities of a few individuals in the Chain of Lakes who object to the dam because of some slight inconvenience to water transportation and who have succeeded in spreading much erroneous propaganda.

Flood control certainly means dams, as opposed to unobstructed flow of water, especially in flood season. The News, along with thousands of other lake region residents, feels sure that your committee will recommend that the Fox River dam be constructed at the point designated by the Illinois legislature, and that the propaganda of a few obstructionists will not be allowed to stand in the way of the necessary flood control measures.

If flood control in the upper streams had been preached and practiced the catastrophe of last year would never have happened.

The News would be pleased to have your views on the Lake county dam project as related to flood control.

Very truly yours,
ANTIOCH NEWS,
Publisher.

Representative Reid's reply to the News' inquiry has been conspicuous by its absence. Nevertheless, it can not be claimed by members of the House Committee on Flood Control that they have not had the facts placed before them.
